

**ABOUT ITV**

ITV Ice Makers, Inc. is a dynamic and innovative U.S Company, with its factory in Spain.

After more than 40 years in the business, with over half a million customers in nearly 100 countries, we strive to surpass our world-renowned reputation of keeping these customers happy. Additionally, our commitment is to introduce new energy efficient ice makers that meet the ever-changing market and demand of new customers. We seek to accomplish this through state-of-the-art production capabilities, efficient management systems, and the use of clean and environmentally friendly technologies.

As a family-owned business, our values are founded on integrity and professional ethics. We are committed to establishing internal policies to reflect positively on people's health and safety, with the flexibility to listen, learn and be proactive and responsive to the needs of our customers. With this as our mission, we are able to maintain the passion to achieve excellence and success into the future.

ITV's vision is based on continuous and ongoing improvement of our processes, establishing goals and objectives in order to improve our production systems while maintaining maximum efficiencies.

ITV's main manufacturing facility is vertically integrated, automated with robotic machinery, reducing labor intensity, and produces a finished product that can be described with four basic words:

**QUALITY – SIMPLICITY – RELIABILITY – SERVICEABILITY**

Sincerely,

Cristina and Javier
